

Funding Opportunities > Landcare Australia Bushfire recovery grants 2020

We are pleased to announce that 23 grants with a total amount of \$307,212.00 (ex GST) have been awarded for the Landcare Australia Bushfire Recovery Grants. This grants program was conceived to support farmers, Landcare groups and other community groups with essential wildlife habitat restoration, shelterbelts and fencing projects, and protection of our waterways amongst other recovery activities.

This grants program was made possible due to the extraordinary volume of donations from generous organisations and private donors from across the country and around the world, including our partners Brambles Chep, Bushman's Tanks, Bloom Aid and Hawkes Brewing.

We would like to thank everyone for their incredible support, the donations have supported Landcare Australia to support Landcare groups and other community groups to facilitate good quality, hands on projects and programs that will improve environmental outcomes and support bushfire restoration projects.

We would also like to send a special thanks to the passionate students of York Public School in South Penrith, NSW who arranged a bake sale and donated all the proceeds towards the Landcare Australia Bushfire Recovery program.

The grant recipients are listed below.

Group/Network Name	Project Title	State

--------------------	---	----

The Landcare Bushfire Recovery Grants have now closed. Please continue to visit the Landcare Australia website for information about new bushfire recovery grants.

The Landcare Australia Bushfire recovery grants 2020 program will support landcare and community environmental groups as well as networks located in bushfire affected areas across Australia. The aim of the program is to support the urgent needs of the landcare community to restore essential wildlife habitat, shelterbelts and fences, protect our waterways, manage weeds and feral animals, work with Traditional Owner groups and run local community workshops, amongst other recovery activities.

Project Funding Available

Grants of up to **\$15,000 (excluding GST)** are available. It is anticipated this will be the first round of funding from Landcare Australia and that there will be others as more funds are received. At least 15 projects will be awarded funding from this initial round.
