

[September 2020 Clubgrants Category 3 successful projects and descriptions](#)

Arts and Culture Recipient List

Organisation	Project	Funding
Newcastle Historic Reserve Land Manager, Newcastle	<p>Upgrade of the fire-safety at The Lock Up's artist-in-residence apartment and refurbishment of the Main Gallery roof</p> <p>The upgrade of fire-safety schedule at the artist-in-residence apartment will allow event venue in Newcastle's heritage precinct, The Lock Up, to continue to provide onsite accommodation, a work environment and community engagement opportunities for creatives from all over Australia to deliver exhibitions and events. The additional roof restoration will enable The Lock Up to continue to present exhibitions and events to the community.</p>	\$53,500
Orange City Council, Orange	<p>The installation of the Future City CBD Art Project</p> <p>The project will be a combination of eight painted murals on buildings as well as eight sculptural installations throughout the Orange CBD. The project will bring the CBD to life for residents and visitors alike and create functional gathering spaces in what are currently under-utilised areas. By developing Orange's profile as a destination for cultural tourism, this project will have lasting social and economic impacts on the community.</p>	\$200,000
Woolgoolga Seniors' Centre Inc, Woolgoolga (NSW Mid North Coast)	<p>The refurbishment of the Woolgoolga Seniors' Centre</p> <p>The project will continue past refurbishment of the Woolgoolga Seniors Centre by replacing furniture, kitchen and office items, installing energy efficient hand dryers, installing LED lighting and a Tesla powerwall. This refurbishment will encourage seniors in the community to access the activities and facilities of the centre for their enjoyment.</p>	\$58,400

Disaster Readiness & Community Recipient List

Organisation	Project	Funding
Dungog Pony Club, Dungog (NSW Hunter region)	<p>Construction of the Dungog Showground horse evacuation yards - \$76,174</p> <p>The construction of the Dungog Showground Horse evacuation yards will provide a secure and safe place for up to 60 horses to be evacuated into during an emergency such as flooding or bushfire. When not used for emergencies, the horse yards will contribute to local agricultural show and equestrian communities, providing secure holding for animals to support regular events that contribute to the Dungog community's social, economic and mental resilience.</p>	\$76,174
Newcastle Meals on Wheels, Maryland (Newcastle)	<p>The refurbishment of the Hunter Distribution Centre</p> <p>The refurbishment of the Hunter Distribution Centre will include renovations to the damaged freezer room – the existing facility will be completely gutted, and new walls and floors will be installed to increase space and ensure a long-term community service asset. The increase in space will allow for greater meals to be stored and distributed across the Hunter Region to organisations assisting vulnerable communities and the general public during times of disaster.</p>	\$120,000
Ournie Rural Fire Brigade (ORFB), Ournie (South-Western NSW)	<p>The replacement of the Ournie Hall</p> <p>The replacement and fit-out of the Ournie Hall will be completed with fire-resistant building materials and include facilities enabling its use as a forward command post in the case of emergency. This will create an inviting social gathering place and enable the community to host a range of high-quality social and educational events and programs, while also providing a disaster-ready emergency and welfare centre.</p>	\$200,000

Organisation	Project	Funding
Weddin Shire Council, Grenfell (NSW Central West region)	<p>The purchase of the emergency response trailer</p> <p>This project will include the purchase of an emergency trailer, emergency response traffic control devices and plant equipment to improve the Weddin Shire Council's safety and efficiency when responding to road accidents. Plant and equipment purchases include signage, generator and portable traffic lights.</p>	\$25,039

Community Infrastructure

Organisation	Project	Funding
Bega Showground Land Manager, Bega (NSW South Coast)	<p>The construction of the Bega Showground amenities block</p> <p>This project will increase the toilet and shower facilities at the Bega Showground. During the recent bushfires on the south coast of NSW, the Bega Showground was the main evacuation centre for those residents affected and accommodated approximately 2000 people. The lack of toilet and shower facilities was problematic. The construction of the amenities block will meet community needs for additional emergency accommodation by providing adequate toilet and shower facilities including disabled and ambulant facilities, which are not currently available.</p>	\$50,000
Burrawang School of Arts Incorporated, Burrawang (NSW Southern Highlands)	<p>The replacement of the main Hall floor - \$165,000</p> <p>The project involves replacement of the 104-year-old floor in the Main Hall of the School of Arts in Burrawang, involving extensive under flooring and sub-floor work. The intention of this project is to restore full and safe usability of the flooring so that all local community groups are once again able to use the hall as a venue for their activities.</p>	\$165,000
Byron Youth Service Inc., Byron Bay	<p>The refurbishment of the Hive Youth Lounge</p> <p>The Hive will transform the Byron Youth Activity Centre staffroom into a buzzing youth lounge. Installation of a kitchenette will create a safe space for youth to seek nourishment, comfort and guidance. The Hive will support young people to access civic leadership programs, life-skills education, information technology and life-changing interventions.</p>	\$11,230
CareFlight, Northmead (Greater Western Sydney)	<p>The construction of the mobile rescue helicopter training infrastructure</p> <p>This project involves the construction of a mobile life-size helicopter simulation training aid to train individuals working in frontline emergency services. This project will provide more opportunities for community members through the delivery of a dedicated infrastructure, but also cutting-edge education from CareFlight's leading doctors, nurses, paramedics and aviation professionals.</p>	\$200,000
Guyra Neighbourhood Centre Inc, Guyra (NSW New England region)	<p>The refurbishment of the Hub building and garden</p> <p>The refurbishment of the Guyra Neighbourhood Centre, known as The Hub, will include completion of renovations to match heritage verandas and awning, fit-out of rooms, installation of ducted air-conditioning, IT and internet connections and re-establishment of the community garden. This project will create a thriving community hub, catering for the information, social and activity needs of the diverse and changing community of Guyra.</p>	\$110,064

Organisation	Project	Funding
Housing Plus, Bathurst	<p>The construction of the Bathurst domestic violence emergency accommodation</p> <p>This project will provide a hub for domestic violence victims by transforming a former aged care centre into five one-bedroom private apartments and one sleepover room. Each apartment will comprise of a kitchen, living room, bedroom and bathroom. Residents can also access communal spaces, including a living room, playroom, computer room, additional bathroom, landscaped gardens and private playground.</p>	\$200,000
Lions Club of Shoalhaven Heads Inc, Shoalhaven Heads	<p>The construction of the coastal viewing platform</p> <p>The construction of a viewing platform will provide a safe space for abled, disabled and aged people to view the coast in the Shoalhaven Bight on Seven Mile Beach. This facility will service individuals and small groups to view the wonder of nature.</p>	\$137,000
Murringo Sportsground Land Manager, Murringo (NSW Southwestern Slopes)	<p>The upgrade of the Murringo Tennis Courts</p> <p>This project involves the upgrade of two courts at the Murringo Tennis Courts to an all-weather playing surface. This revitalisation of the Murringo Sportsground will encourage the continued use of the facility, which is currently the only sporting hub in the village, and increase membership of families and individuals alike. The all-weather tennis courts will also be used for coaching purposes for the local school and tennis gala days.</p>	\$33,500
Nambucca Valley Youth Services Centre, Nambucca Heads (NSW Mid North Coast)	<p>The refurbishment of the outdoor entry space</p> <p>The refurbishment of the outdoor entry space will include essential repairs to walk-in accessibility ramp and the erection of shaded table for out-of-doors groups and activity. The completion of these works will enhance the facility by making it safer, more functional and more inviting. The refurbishment of the outdoor entry space will enhance the existing outdoor area and increase youth participation in free/low-cost programs that are culturally safe and foster connection, learning and wellbeing.</p>	\$20,000
North Arm Cove Community Centre Committee, North Arm Cove (NSW Hunter and Mid North Coast regions)	<p>The upgrade of the electricity and water supply</p> <p>This project involves the upgrade of electricity and building connections and installation of a 50,000-litre water tank at the North Arm Cove Community Centre. These upgrades will allow new innovations such as a coffee shop with wifi, which will make the community centre a vibrant and sustainable hub.</p>	\$56,875
Royal Botanic Garden and Domain Trust (RBGDT), Mount Annan (Sydney)	<p>The design of a biodiversity map for the entranceway of the new Herbarium of NSW</p> <p>A permanent interpretive biodiversity and cultural "map" will be designed by a First Nations artist/s following consultation with local elders and an EOI/competition. The design will communicate science and Aboriginal culture and be sandblasted into the entranceway of the new National Herbarium of NSW. The interpretation will also provide a meeting place and educate school groups and other visitors.</p>	\$200,000
Walgett Aboriginal Medical Service Ltd, Walgett (Northern NSW)	<p>The construction of the WAMS outdoor facilities and garden</p> <p>Construction of the WAMS Outdoor Facilities and Garden will include an entry pavilion with shaded space for seating, public health educational material, a public water kiosk, a landscaped garden and playground area for children and an accessible toilet. It will also include a drinking kiosk open to the general public at the Euragai Goondi community garden at Duff Street.</p>	\$200,000

Sports and Recreation Recipient List

Organisation	Project	Funding
Cooma Golf Club Ltd, Cooma (South NSW)	<p>The upgrade of the irrigation to golf course greens</p> <p>This project involves upgrading of the irrigation pump control system and suction line. The improved greens will provide year-round enjoyment and resilience to drought and frost while improving water use and energy efficiencies. This project will provide a vibrant and inclusive meeting place for youth, seniors and the wider community.</p>	\$108,042
Dubbo Netball Association Inc, Dubbo	<p>The upgrade of the grass netball courts to all-weather courts</p> <p>Two of the seven grass courts at the Dubbo Netball Assoc Inc will be converted to all-weather courts to meet the demands of a growing membership. Having additional all-weather courts will ensure the Dubbo Netball Association can continue to meet the growing needs of Netball in the Dubbo regional area.</p>	\$228,100
Gloucester Soccer Club, Gloucester (NSW lower Mid North Coast)	<p>The installation of the soccer field lighting</p> <p>Having an extra field in Gloucester with lights will enable other sports to utilise Gloucester Football clubs newly lit ground and assist in reducing the wear on the other field. The scope of works for this project will include the trenching for the installation of electrical conduits, installation of four concrete footings, and erection of four light poles with three lights per pole to light the main field at Gloucester Recreation grounds to 150 lux average. The lights will be used for local, football and sporting community competitions.</p>	\$160,528
Killarney Vale Australian Football Club Inc, Killarney Vale (NSW Central Coast)	<p>The construction of the female and umpire changerooms at Adelaide St Oval</p> <p>Construction of two designated female changerooms and an umpire room conversion at Adelaide St Oval will meet the current needs and acknowledge increased female participation in sport. The female-specific changerooms will have female-friendly inclusions to improve comfort and safety. This will foster increased female participation levels and boost their enjoyment playing sport.</p>	\$300,000
Newcastle Olympic SFC INC, Hamilton South (Newcastle)	<p>The redevelopment of the grandstand and amenities Complex</p> <p>This project involves the construction and fit-out of the New Grandstand & Amenities Complex at Darling Street Oval Hamilton South. The facilities will replace a 51-year-old toilet block and a 28-year-old grandstand. It will provide a facility that will be utilised by over 83,000 individual users each year with the capability to host a range of local, national and international sporting events.</p>	\$300,000
North Haven Bowling and Recreation Club Limited, North Haven (NSW Mid North Coast)	<p>The upgrade of the Bowling Green with cover</p> <p>Club North Haven is redeveloping an existing grass bowling green by installing a new bowling complex complete with carpet green and covered roof structure. This structure will complete an overall versatile area, inclusive of previous renovations which includes an adjacent viewing deck and new function room social space. This project will provide an all-weather bowling complex that will contribute to additional play, including evening events and increased membership, by keeping members and visitors out of the sun, rain and wind.</p>	\$280,880
St George Randwick Hockey Club Incorporated, Kyeemagh (Sydney)	<p>The replacement of the St George Hockey turf</p> <p>This project will replace the original synthetic turf and shock pad with an international-standard surface, which is more water efficient and player friendly. This will enable the club to attract new members and attract more teams and competition play. Local schools and schools from the wider hockey community will be encouraged to return to the new field.</p>	\$300,000

Organisation	Project	Funding
Wagga & Bidgee District Pony Club, Wagga Wagga (Southeastern NSW)	<p>The purchase of the interior railing and exterior fencing</p> <p>Exterior fencing and interior railing will be purchased for the Wagga & Bidgee District Pony Club to create a safe area for riders and horses and contain competition areas. This project will increase the height of fencing, double the fence boundary and create a fence that prevents injury. These increases in safety and functionality will bring new membership to the sport and community.</p>	\$158,070
Yamba Golf and Country Club, Yamba (Northern NSW)	<p>The refurbishment of the course irrigation system</p> <p>The course irrigation system at the Yamba Golf and Country Club will be refurbished and extended to cover the entire course with automated irrigation, maximising effluent water reuse. This will reduce the cost of and reliance on town water and improve playing conditions. Improved conditions will attract more golfers to Yamba outside of tourist seasons and more visitors will increase local employment and assist other economic drivers.</p>	\$250,000
