

Payments to support households

These payments will provide assistance to lower income Australians, including pensioners, other social security and veteran income support recipients and eligible concession card holders.

Economic Support Payments

Summary

The Government has provided two separate \$750 payments to social security, veteran and other income support recipients and eligible concession card holders. Around half of those that benefit are pensioners. These payments will support households to manage the economic impact of the Coronavirus.

- The first payment was available to people who are eligible payment recipients and concession card holders at any time from 12 March 2020 to 13 April 2020 inclusive.
- The second payment was available to people who are eligible payment recipients and concession card holders on 10 July 2020.

The Government is providing a further two additional Economic Support Payments of \$250 to pensioners, other social security recipients, veterans and eligible concession card holders to assist them through the ongoing financial challenges they are continuing to face as a result of the Coronavirus.

- The third payment will be available to people who are eligible payment recipients and concession card holders on 27 November 2020.
- The fourth payment will be available to people who are eligible payment recipients and concession card holders on 26 February 2021.

A person can be eligible to receive all of these support payments. However, they can only receive one payment in each round of payments, even if they qualify in each round of the payments in multiple ways.

Payment dates

	Date
First Payment	Paid automatically from 31 March 2020
Second Payment	Paid automatically from 13 July 2020
Third Payment	Paid automatically from 30 November 2020

Example — First and second payment

Kate and Angus are a couple and are both Age Pension recipients as at 12 March 2020. Kate and Angus will each receive \$750, so their household will receive \$1,500 in total. Payments to Kate and Angus will be made automatically from 31 March 2020.

As Kate and Angus remain both a couple and Age Pension recipients on 10 July 2020, they will each be eligible for a further \$750 as part of the second payment, so their household will receive \$1,500 in total for the second payment.

This will bring the total payment to their household to \$3,000, from the first and second payments.

Example — Interaction between Coronavirus Supplement and second payment

Leanne is a single parent JobSeeker Payment recipient on 10 July 2020, receiving a base rate of \$612 per fortnight, a further \$9.50 per fortnight for the Energy Supplement and an additional \$550 per fortnight of Coronavirus Supplement.

This brings Leanne's fortnightly income support payment to \$1,171.50.

Leanne was in receipt of the Jobseeker Payment on 30 March so she was eligible for the first \$750 payment.

As Leanne already receives the \$550 per fortnight Coronavirus Supplement, she will not be eligible for the second \$750 payment.

Example — Third and fourth payment

Pam and John are a couple and are both Age Pension recipients as at 27 November 2020. Pam and John will each receive \$250, so their household will receive \$500 in total. Payments to Pam and John will be made automatically from 30 November 2020.

As Pam and John remain both a couple and Age Pension recipients on 26 February 2021, they will each be eligible for a further \$250 as part of the fourth payment, so their household will receive \$500 in total for the fourth payment automatically from 1 March 2021.

Pam and John also received the first and second payments, so this will bring the total payment to their household to \$4,000.
